1 Bedroom, 1 1/2 Baths on Main Floor

This plan features a very large and open kitchen with a corner pantry and large island with lots of available seating. The living room is cascaded by light from large windows and is open to the kitchen. The master suite features a 6' sliding patio door and abundant windows. A large walk in closet has a pocket door to the mud room for easy access to the laundry room. The master suite features double sink vanities with a linen storage cabinet between. A large tub and shower with a seat complete the master suite. The mud room just inside the garage features extra space for cabinets. For additional bedrooms added to this plan, think about adding them in the basement. Add an additional 458 sq ft can be added in a bonus room above the garage.
